

BC Science Teachers' Association CATALYST 2021 **DOING Science: Assessing Competencies and Teaching Science as a Verb**

Join us for our VIRTUAL conference on **OCTOBER 22, 2021**

We have more than 60 workshop options from amazing presenters from across North America. Options are available for all grade levels K-12.

Visit <http://bcsccta.ourconference.ca> for workshop details and the event schedule

Choose from workshops provided by:

- Nelson
- BC Hydro
- Genome BC
- Science World
- Flinn Scientific
- Let's Talk Science
- Perimeter Institute
- HHMI BioInteractive
- Big Little Science Centre
- Bamfield Marine Station
- Argument Driven Inquiry
- Room to Play Consulting
- BC Association of Physics Teachers
- National Science Teaching Association ...and many more

Join staff of the **Beaty Biodiversity Museum** for their conference offerings as well (<https://beatymuseum.ubc.ca/>). Your Catalyst registration will provide access to attend this as well. This year we are also providing the option to join the **National Science Teachers' Association** (www.nsta.org) and to enjoy their membership benefits at a vastly reduced price of just \$20. This includes access to their online resources, a digital journal, and discounted prices on their publications and conference attendance. Don't miss out on this opportunity.

REGISTER TODAY <http://bcsccta.ourconference.ca>

SPREAD THE WORD and tell your colleagues to join the fun at CATALYST 2021

John Munro
President BC Science Teachers' Association

Éy swáyeł. I acknowledge that I work and learn on the Traditional, Ancestral, Unceded, and Shared territories of the Stó:lō people, Sema:th and Matheqwi First Nations.
