

## **HOW TO EXCUSE YOUR GRADE 4/7 CHILD FROM THE FSA**

The Fraser Institute misuses the data from the FSA tests to unfairly and inappropriately rank schools.

We believe that parents who make an informed decision to ask that their children not write the tests should have their wishes respected.

Here is what to tell the principal by email or in writing:

**Dear Principal,**

**My child \_\_\_\_\_ will put their name on the test. Then they will silent read, or complete personal school work during the testing time.**

**Sincerely,**

---
